How to Access Your Participant Center Guide

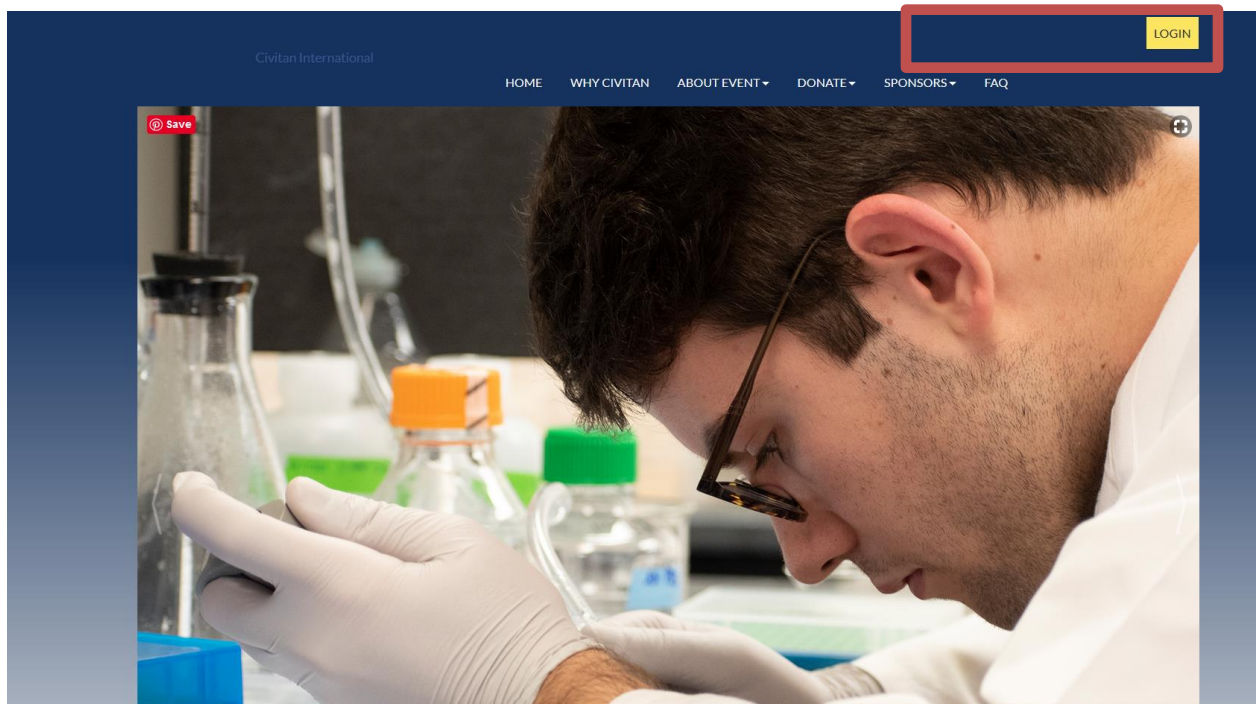

What is the Participant Center?

The Participant Center is the online portal where you can check your fundraising progress, send email solicitations and thank you's, and update your Personal Fundraising Web Page.

On your Personal Fundraising Web Page, you can share your personal story, add a photo or a link to a YouTube video, and even add a blog. Then, you can share your webpage address with family and friends asking them to join you at the event or support your fundraising effort through a generous gift. For our team captains, the Participant Center is a great place to send encouragement to your team members by emailing them reminder emails and best practices as the event date draws closer.

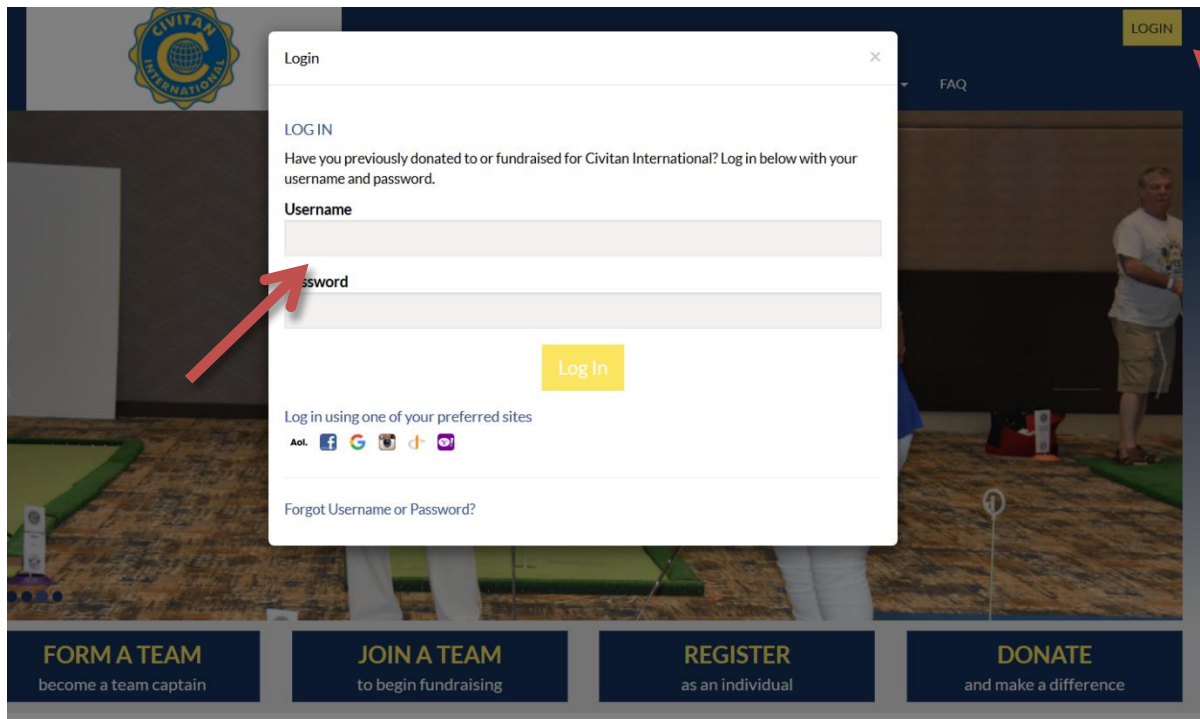

Logging In From the Main Website

Step-1 Visit your event's main website: https://secure2.convio.net/civint/site/TR?fr_id=1161&pg=entry

STEP 2- Enter your username and password in the login area at the top of the page and tap enter on your keyboard.

How to Upload Contacts by CSV File

What is a CSV File?

A CSV, or comma-separated values, is a type of file that allows you to enter data in a table-structured format or spreadsheet. You will need a program like Microsoft Excel or Windows Notepad to create the file to upload in your Participant Center.

If you have a lot of email contacts that you'd like to migrate into your Participant Center, creating a CSV file for upload may be easier and save you time instead of manually entering each email contact.

NOTE: *Yahoo and Gmail email users can directly import their contacts into the Participant Center without using a CSV file. View the next section to learn how.*

Step-1 Prepare your CSV file

- A. Export your contacts list or address book from your email service that you use (follow your service provider's instructions to complete this step)
- B. Create a new CSV file using a text editor (such as Microsoft Windows Notepad) or a spreadsheet application (such as Microsoft Excel) that lets you save a document as a .CSV file type.
- C. Create three column headings: First, Last, Email
- D. Then, on the subsequent lines, enter the first name, last name and email address of each contact. (You can copy and paste this from the export that you did in Step 1 A.

For example, your document would look like:

```
First, Last, Email
Jane, Smith, janesmith@email.com
John, Smith, johnsmith@email.com
```

(That is, you do not want the message to start with two lines that say "Dear Sue" or a "Dear Sue" line followed immediately by a "Hey Sue" line.)*

How to Set Up Your FB Fundraising Page

Step 1- Log into the Participant Center.

Step2. Click the “Fundraise on Facebook” blue button on the far right bottom of your participant center page.

The screenshot shows the Participant Center dashboard for a user named 'Test Test'. The top navigation bar includes 'Home', 'Email', 'Progress', and 'Personal Page' tabs. The 'Overview' section displays fundraising progress: \$0.00 raised, a \$2,000.00 goal, 0% completion, and 914 days left. Below this, a 'What to do next?' section lists four tasks: 1. Set up your Personal Page, 2. Add Contacts to Your Address Book, 3. Send an Email, and 4. Thank your Donors. On the right sidebar, there are buttons for 'Send email', 'Enter new gift', and a 'Company' section. At the bottom of the sidebar, a blue box titled 'Raise more money with Facebook' contains a button labeled 'Fundraise on Facebook', which is highlighted by a red rectangle and a red arrow from the 'Send an Email' step in the 'What to do next?' section.

Step 3. Click Create Fundraiser.
